## COMMENTS FROM THE TOWN MANAGER'S OFFICE

A special town meeting will be held on Monday evening, Oct. 19, 8:00 P. M. at Odeon Hall. The purpose of the meeting is to decide if the voters will authorize the municipal officers to install a water system at West Bethel, as well as to hire money to finance the cost of installation.

The reservoir that has supplied the village failed early in the summer. Several persons affected by the loss of this water supply approached your municipal officers to see what could be done in regard to providing a water supply. The possibility of repairing the old system and enlarging the reservoir were explored, but was decided that it was not feasible. Next the well owned by the town that supplies a large tank for fire purposes was looked into. Tests were made, but proved unsatisfactory. Recently a point was driven about 500 feet to the rear of the West Bethel school. At the end of four days pumping the meter registered 48,367 gallons, or an average of 500 gallons per hour. A sample has been sent to Augusta, report has been received which shows the water to be of good quality.

A water engineer has been employed on a consulting basis. He recommends a 4" main throughout the village. The cost of installing a pump, 2,000 gallon pressure tank, house for the equipment, mains, services, valves, and other necessary items to install the system is estimated at \$10,000.00.

This is a very important town meeting from both the general viewpoint of the voters at large and the residents of West Bethel. The issue is whether or not the voters by and large are willing to have the town go into the water business as well as the welfare of the residents of West Bethel being provided an adequate central water supply for those that are currently without water, as well as for those whose present supply is contaminated by a septic tank too close to the source of supply.

The law does not allow a municipality to support a water system with tax money. The proper thing to do, providing articles 2, 3 and 4 are acted on favorably, is to approve article 5 authorizing the Municipal Officers to petition the Legislature to form a utilities district. Once the district is formed it would take over whatever has already accomplished in constructing a water system at West Bethel.

As this is a very important meeting every voter possible is urged to attend. Detailed plans and information will be presented to the voters that each may prudently cast their ballot on the issue.

Sincerely,  
Harold L. Bean

Mr. and Mrs. Ernest Perkins and son were recent guests of Mr. and Mrs. Arthur Votter and James Dodge, West Farmington, and Mrs. Ernest Votter of Farmington.

Joseph Savignone, Auburn Juvenile Officer, will be the speaker at the meeting of the Parent Teacher Association at William Bingham Gymnasium Tuesday evening at 7:30.

HERE'S WHAT MAKES THE CORVAIR  
REVOLUTIONARY

Short and sweet! Corvair is in the rear—where it belongs in a compact car. With more wheel than rear wheels you get extra road gripping traction for cornering and driving on ice, mud or snow. Also by avoiding the front end of most compact cars, Corvair handles easier, brakes better, rides smoother. Typical of both 4 door models is clean and uncluttered as fresh and functional as modern architecture.

Unpack  
Power Team

Seize maximum use drive seats and body weight in one lightweight package. Weight less than 2000 lbs. (less you too).

## UNCLUTTERED BODY

Body and frame are combined into a single rigidly constructed unit that reduces 600 lbs. weight, enlarges the passenger space.

Practically  
FLAT FLOOR

Corvair is America's only compact car with a flat floor for the three rear passengers. Extra space, folding rear seat and convenient storage room for 170 lbs. of cargo.

## TRUNK'S UP FRONT

Lots of luggage space under the hood, where it's convenient for groceries, packages.

## NEARLY 3 FEET SHORTER

Corvair's almost 8 ft. tall power, 1.800 pound lighter, 1000 lbs. compact 4 door makes it a joy to jockey through traffic, a pleasure to park. No need for power assist.

4-Wheel  
Independent  
Suspension

Eliminates all wheel deflection, reduces body deflection, reduces road noise.

## WORKS SMALL ENGINES

Corvair's 1.800 cc. 4-cylinder engine is the world's first production 4-cylinder engine with the ultra smooth power of horizontally opposed pistons.

## EBY - BARTLETT

A blue and white theme prevailed throughout the wedding of Miss Shirley Marina Bartlett and Erwin Bruce Eby, who exchanged vows at 4 p. m. Aug. 29 in Morris Chapel, Stockton, Calif.

The bride, daughter of Mrs. Marguerite Bartlett and the late J. C. Bartlett of Bethel, Me., was given in marriage by her brother, Albert B. Bartlett. The benedict's parents are Dr. and Mrs. George Eby of Stockton.

The Rev. Russell Oaks, pastor of St. Paul's Methodist Church, performed the rites, and a reception for 100 guests followed in the Fireside Room of Central Methodist Church.

Miss Bartlett appeared in a floor-length gown of silk taffeta with a bateau neckline, cap sleeves, and a full skirt, accented by a wide bustle. Her yoke of lace in a square pattern was embroidered with sequins and pearls and a jeweled crown secured her fingertip veil. She added a diamond-set heart on a chain, gift from her fiancé, and carried a cascade of white carnations and blue delphinium centered with a purple orchid.

Mrs. Horace Saunders, sister of the benedict, served as matron of honor, clad in a sheath of pale blue lace with an organza overskirt. Her matching veil was dotted with pearls.

Linda Bartlett, 11-year-old niece of the bride, wore a pale blue organza frock for her role as junior bridesmaid. Both carried cascades of white carnations and blue delphinium.

Horace Saunders was best man for his brother-in-law, and guests were ushered to their seats by Mrs. Gary Strain of Sunnyside and Robert Bitts and Robert Goodenough, both of Stockton.

Mrs. Bartlett was escorted to her place of honor attired in Dior blue lace over taffeta with accessories to match and the bridegroom's mother attended in a moss green faille sheath accented with lace at the bodice and white accessories. Both added white orchids.

Baskets of white gladioli and blue delphinium graced the altar, and the aisle was lined

Magazine Campaign  
to Start Tuesday

Last fall the Crescent Park School conducted a magazine campaign, but due to an unfortunate error the subscriptions were not immediately received by the publisher and an unusual delay in receiving the magazines occurred. The school will start this year's campaign on Tuesday, October 20th and wish the parents and friends of the school to know that definite steps will be taken this year to insure normal delivery of every publication accepted. The profit from the drive is used for worthwhile activities and the school is grateful for the support it received last year.
